

# Training & Placement Cell Report

## (AY 2022-2023)

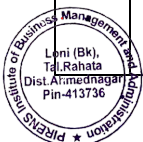

### Training & Placement Cell Introduction:

The PIRENS, IBMA's Training and Placement Cell is a crucial component. The IBMA placement cell has a strong human resource base and infrastructure that aids in helping students find employment possibilities. The Cell's main goal is to offer college students planned activities during the academic year, including training and placements. Students are given the chance to build technical skills and analytical talents while also being encouraged to take the initiative to develop their attitude in the workplace and soft skills. Via industrial visits, the Training and Placement Unit hopes to introduce students to the workings of the business world. can aid students in gaining insight into their potential future professions.

The IBMA Training and Placement cell at PIRENS is dedicated to the complete development and final placement of students by organising various events and offering placement chances all year long. The following list includes the many tasks and placement options provided to students for their final placement.
